SILVER TIER
ECOVADIS

ACHIEVING EXCELLENCE IN SUSTAINABILITY.

ALG Labels and Graphics, a premier custom manufacturer of pressure-sensitive labels and decals, proudly announces our Silver Tier ranking by EcoVadis. This prestigious recognition places us in the top 15% of companies assessed by EcoVadis, highlighting our commitment to delivering high-quality, sustainable, and ethical products.

Our clients can trust that their products are supported by a partner dedicated to environmental and social responsibility.

A BENCHMARK FOR SUSTAINABILITY

The EcoVadis platform is globally renowned for helping companies monitor risk, ensure compliance, and achieve corporate sustainability goals. It guides companies like ours in driving impactful improvements in sustainability performance.

SUPPORTING
SUSTAINABILITY GOALS

OUR COMMITMENT

We are devoted to transparent communication, fair treatment of employees and partners, and rigorous adherence to legal and regulatory requirements. Our ethical practices include:

- Fair wages and safe working conditions
- Opportunities for personal and professional growth
- Environmentally friendly product lifecycle management
- Sustainable procurement practices

CONTINUING TO IMPROVE

For over five decades, ALG Labels and Graphics has prioritized delivering value through responsive service, high-quality products, and cost-effective production methods. Our mission is to make it easy for customers to do business with ALG while maintaining our commitment to sustainability.

Looking ahead, the EcoVadis Silver Medal underscores our robust management system and dedication to sustainability criteria. We are excited to continue enhancing our sustainability performance and driving positive change within our industry.

ALG Labels and Graphics excels in the custom manufacturing of pressure-sensitive labels and decals, utilizing three primary print processes. We deliver exceptional value through responsive service, high-quality products, and cost-effective production, all while striving to minimize our environmental impact. Our recent Silver EcoVadis ranking further underscores our commitment to sustainability.
